# SUBMITTAL

To

His Highness

Rai Rayan Maharaj Adhiraj,

Maharawalji Shri Sir Bijaysinghji Sahab Bahadur, K. C. I. E.,

of ~~DUNGARPUR~~, Rajputana.

MAY IT PLEASE YOUR HIGHNESS,

I beg to submit the Administration Report of the  
Dungarpur State for the Samvat year 1971-72 (A. D.  
1914-15) for favour of Your Highness' perusal.

With tenders of respect,

I beg to remain,

Your Highness,

Your Highness' most obedient and humble  
servant,

(Sd.) MOHAN LAL,

*Diwan, Dungarpur State.*

**CHAPTER I.**

**POLITICAL AND GENERAL.**

The State forms the western portion of Southern  
General. Rajputana and covers an area of 1447  
Square Miles with 764 villages and three  
towns. The population numbers 1,59,192 souls  
majority being Bhils. The nearest Railway Station  
on the Ajmer side is Udaipur and on the Bombay  
side Talod, both being over 60 miles. Several fair  
weather roads intersect the State. The gross re-  
venue of the State on the usual average of 5 years  
is Rs. 3,34,168-9-11 including an average of deposits  
amounting to Rs. 26,865-9-2.

The Ruling House represents the eldest branch  
of the Sisodiyas and is related by blood  
to Udaipur, Banswara and Partabgarh  
and by marriage to Sailana, Rutlam, Jaisalmer,  
Sirohi, Alwar and Kishangarh. The State was  
founded about the end of the 13th Century A. D.

The present Ruler is His Highness Rai Rayan  
Maharawal Shri Sir Bijaysinghji Saheb Bahadur,  
K. C. I. E. who is in the 29th year of his age. His

Highness has three sons and one daughter. The eldest Maharajkumar Shri Lakshmansinghji Bahadur is the Heir-Apparent.

1. Outside the State. 1. His Highness visited  
 His Highness's Ajmer to attend the meetings of the  
 Movements. General Council and Managing Committee of the Mayo College.

2. In April 1915 His Highness visited Jaisamand in Mewar where he was a guest of the Mewar Darbar who detailed off Dhekaria Jagan Nathji, Magra Hakim, to remain in attendance on His Highness who greatly enjoyed the trip and is grateful to H. H. the Maharar for the generous hospitality and excellent arrangements.

3. In May 1915 Their Highnesses the Mahara-wal Saheb Bahadur and the Maharani Saheba and the Princes visited Sailana for a month.

4. His Highness visited Abu to see the Hon'ble the Agent to the Governor-General in Rajputana and was a guest of H. H. the Maharao Saheb of Sirohi during his stay there.

*II Within the State.*—His Highness was in tour for 45 days during which time he made the following inspections:—

Zilla Office, 1; Thanas, 6; Police Choukis, 4; Nakas, 13; School, 1; Thikana under Court of Wards 1,

Rajkumars Ramchandrasinghji and Mandhata-singji of Sailana visited Dungarpur in  
 Visits of Guests December 1914 and were His Highness guests for about a week.

2 Col. Dawson, Political Superintendent, Hilly Tracts Mewar, with Mrs Dawson was His Highness's guest for three days in March 1915.

3. Political Agent, Mr. B. J. Glancy, I. C. S., of the Southern Rajputana States, toured round the State from the 9th January 1915 to 2nd February 1915

4. Rai Bahadur Pandit Gourishanker Harichand Ojha, Superintendent Rajputana Museum, Ajmer, toured through the State in search of materials connected with the History of Dungarpure which he is compiling on his own account. He had collected 16 old and abandoned images in course of his tours and these were presented to the Rajputana Museum.

1 No celebrations were held on the auspicious occasion of His Majesty's Birthday Anniversary as desired by the Government of India Only prisoners were released and prayers offered for the long life and prosperity of Their Majesties and a speedy victory of British Arms.

2. Anniversary of His Highness's Birthday came off on the 7th July 1915 when the usual programme of ceremonies was gone through. A number of officers received rewards and Saropas in recognition of their work. The services of some personal servants of His Highness were also appreciated.

The two elder Maharajkumars continued to be under the tuition of Pandit Deokinandan Misra. Both have made satisfactory progress in their studies.

Education of  
Shri Maharajku-  
mars.

The department continued under the Diwan.

Political of      Excellent and most cordial relations  
Department.      subsisted with the Government of India  
and the several neighbouring States

Darbar take this opportunity to record their deep obligation to the Hon'ble the Agent to the Governor General in Rajputana, the Resident in Mewar, and the Political Agent, Southern Rajputana States for the sound advice they have always offered whenever there was any occasion to consult them.

The war with Germany is still raging with unabated fury. Darbar again offered their personal services at the front but to their great disappointment the request of His Highness did not find acceptance with the Government of India.

The State also proposed to offer two Units, one of Infantry Signalling Section and the other of Cavalry Silledar Section for service during the war. Darbar further proposed to raise a body of 100 men at their cost for release duty service, in India if the Government would be pleased to sanction the purchase of necessary weapons. The Government while thanking His Highness for the generous offer regretted their inability to accept the proposal.

Since 1st April 1915 His Highness has been monthly contributing Rs 1,000 for providing comforts for the Wounded Indian Soldiers at the front.

Rains commenced late about the middle of July but were neither general nor uniform. Early in August there was a general rainfall followed by long spell of drought which made the situation gloomy and full of anxiety, specially as

Scarcity or  
Famine.

the stock of fodder was scarce. Prices of food grains also began to rise. Darbar ordered immediate action to be taken to face the situation if it should really grow worse. Police force was strengthened and the patrolling of borders was arranged with the aid of Jagirdars. To prevent any further rise of prices of food grains a conference of local grain dealers was convened and arrangements made to keep the price at a fixed level. Import of grains was also arranged. The fodder reserves were drawn upon to save the cattle and forests were gradually thrown open as necessity arose for pasture of cattle and enabling Bhils to cut timber for sale. Steps were also taken to temporarily export cattle to foreign pasture lands and the Darbar are very grateful to the Political Officers for help in the matter. The Programme of Test and Relief Works was fully discussed and all arrangements were got ready to start them early in November if necessary. Happily, however, by the close of September the prospects changed by the sudden appearance of the erratic monsoon. There was a good, general and well-distributed rainfall.

Diwan's Office was ably held by Rai Bahadur Munshi Ganesh Rama Rawat who made long tours both in connection with Settlement operations and the Scarcity. He went to Udaipur to see the Resident in Mewar and the Political Agent, Southern Rajputana States, and to discuss with them the agricultural condition when the monsoon had almost failed.

Rai Bahadur M. Ganesh Rama retired from Government service after a long and meritorious career. He is a self-made man who rose from a very low round of official ladder to be Tehsildar in Ajmer-Merwara.

Since the departure of Major Wilson, Agency  
 Personnel, Surgeon, Kherwara, Diwan has been  
 supervising the Medical Department.

Mr. Pritamdass Anand was replaced in July 1915  
 by Mr. Kanhiyalal Mathur, B. A. as Head Master,  
 Pinhey School, Dungarpur.

As a temporary measure and experiment Mr.  
 Ramswaroopa Sharma, Assistant Household Officer,  
 Barwani, was appointed Superintendent, Secret  
 Intelligence Department, his services having been  
 obtained from Barwani for six months. Mr. Sharma  
 discharged his duties to the entire satisfaction of  
 the Darbar and surmounted all the difficulties which  
 beset his position. In June 1915 he reverted to his  
 service in Barwani Darbar take this opportunity  
 of recording their appreciation of his work.

Mehta Chunni Lal, Motmid, Izlai Gair, retired  
 after about 40 years' service. For over 25 years  
 he held charge of Izlai Gair and conducted three  
 Census operations. He was a good officer and Dar-  
 bar wish him all peace in his retirement. Mr. Bashir-  
 khan, Zilledar, Sagwara, has been appointed in his  
 place while Mr. Manilal in place of the latter.

---

# APPENDIX I.

*Name of high officials in the Dungarpur State, showing the personal during the Samvat year 1971-72.*

No.	Names.	Designation.	REMARKS.
1	Rai Bahadur Munshi Ganesbham Rawat	Diwan.	Up to 15-3-15 thereafter Diwan has been looking after the Dept.
2	Pandit Balwantrao Ramchandra	Musahib Mahekma Quwaid.	
3	Sardar Partab Sinha	Do.	
4	Major F.E. Wilson, I.M.S.	Medical Officer.	
5	Babu Murlidhar Bhargava	State Accountant.	
6	Lala Ramhet Lal Agarwal	Mir Munshi, Ijlas-Alia.	
7	Babu Ramswaroop Rawat	Superintendent of Revenue and Excise, and Inspector of Schools.	
8	Baboo Soowalal Rawat	Superintendent of Customs.	From 27-6-15. From 25-12-14 to 13-6-15.
9	Kanwar Sangram Sinha	Fauj Bakhshi.	
10	Rai Bahadur Seth Sobhagmal Dhadha	Treasurer.	
11	Lala Pritam Das Anand	Head Master, Pinhey School.	
12	Baboo Kamhaiyalal, B.A.	Do. do.	
13	Pandit Ramswaroop	Superintendent, S.I.D.	
14	Mr. Shehbaz Khan	Do. Police.	
15	Mr. Mohammad Chauhan	Forest Officer.	Up to 15-9-15. From 16-9-15.
16	Lala Chironji Lal	State Wakil at Udaipur.	
17	Mehta Chunilal	Motmid, Izlai Gair.	
18	Mr. Bashir Khan	Do. do.	
19	Lala Shivaprasad	Do. at Udaipur.	
20	Syed Imam Ali	Superintendent of Jail.	
21	Mr. Kamla Nand Lalita Nand Pandya	Sub-Assistant Surgeon.	From 16-9-15.
22	Mr. Mohanlal Tara Chand Shah	Relieving Officer.	
23	Mehta Mani Lal	Zilladar and Second class Magistrate at Sagwara.	

## CHAPTER II.

IJLAS ALIA SHRI HAZUR DARBAR.

Ijlas Alia Shri Hazur Darbar is presided over by His Highness and has the supreme control of the administration. It is also the highest Court of Appeal and the only Court to apply for mercy.

To relieve the hard-worked Mir Munshi it was arranged that the Departmental Heads should bring in their papers in all cases, beyond their powers and submit them in person and obtain Darbar's orders. Only legal appeals or any special reports called for by the Darbar were to be received through the Mir Munshi. The system has worked excellently. The arrangement came into effect with the beginning of the year ; and while it has afforded relief to the Mir Munshi, it has also furnished an opportunity for freely discussing every question with the Departmental Heads who are thus enabled to get insight into the Darbar's policy from the right source.

The Abkari and Settlement questions came up for decision and final orders were passed thereon.

Two appeals came up from the Committee of Sardars constituted under Qwaid Judicial and Mal. Both were rejected.

Two appeals were filed against the decision of the Chief Court. The decision of the Court was upheld.

On revisional side one application was presented against the decision of the Chief Court but it was rejected.

On criminal side no appeal nor any application for revision or mercy was submitted.

## CHAPTER III.

## GENERAL ADMINISTRATION.

*General*.—Mehekma Khas under the Diwān controls 1. (a) Revenue, (b) Excise, (c) Education, 2. Customs and 3 Medical Departments, besides supervising all the other branches of administration.

**1, (a) Revenue Settlement.**—This was the last year of the Settlement conducted by Mr. Holme in 1906. The New Settlement commenced two years ago and is nearing completion. Only 45 villages remain to be assessed. *No Tor* in the villages so far assessed appears to be quite satisfactory and the improvement in tanks and wells has kept pace with it.

**Revenue Charge.**—Mr. Ramswaroopa Rawat was in charge of the Department. As the Revenue Officer is also the Chief Excise Officer and Secretary to the Settlement, he was given a permanent Assistant **A** further temporary relief was afforded by deputing the Extra-Officer Mr. M. T. Shah to revenue work.

**Population of new and re-population of old and deserted village** was conducted as usual. A Phala of village Palisoda has also been populated. Of the two villages founded last year one was named Jodhpur and the other Kashipur.

**Crops and Area under Cultivation**—the total-  
ing for 40 villages yet remains to be done. The figures  
for the cultivated area are not available. It may,  
however, be safely asserted that the cultivated area  
has everywhere increased. The crops are estimated  
to have given an out-turn of 14 Annas in the Rupee.

*Land Revenue.*—Figures for demand, collection, remission and suspension are compared below :—

DESCRIPTION		1970-71 Rs.	1971-72. Rs.
Land Revenue	...	1,32,928	1,33,135
Arrears	...	2,999	861
Total		1,35,927	1,33,996
Collections	...	1,34,290	1,33,093
Remissions	...	776	441
Suspensions	...	861	462
Total		1,35,927	1,33,996

The crops have been very good and collections came in freely.

*Taccavi.*—The season having been one of prosperity no large sums for Taccavi had to be advanced.

*Cotton Crop.*—In the preceding year cotton had been sown in 3,000 acres but as the market then happened to be depressed, the cultivators lost heart and took little interest in the crop. The result was an unsatisfactory harvest. During the year under report the rains commenced late and stopped soon afterwards; so little of this crop was sown. Unfortunately something or other has always turned up to prejudice cultivators against cotton in the very stage of its introduction.

*Opium.*—Poppy was sown over 134 acres against 154 of the preceding year. The decrease was mainly due to the weather conditions that left but little damp in the soil to produce a good crop.

~~2 of Tanks~~  
Only 18 tanks were locally repaired. Out of the two tanks damaged during the last monsoon both were restored.

*Mahuwa and Mango Groves.*—The plantation of these trees continued. Majority of plants could not survive the scanty rainfall of the year and it is now proposed to surround the plants with *Thoor* hedges which will both shield them from animals as also afford them nourishment.

*Grass and Fodder Reserves.*—Stocking grass and fodder was left to the cultivating classes at their own request on the express understanding that each individual would store sufficient fodder to last his cattle for full twelve months. But this did not prove successful as was discovered during the following scarcity. The stock of fodder that had been stored during the preceding years had to be drawn upon to save cattle and consequently old arrangements had to be restored with certain modifications.

*Cattle-branding.*—It is much to be regretted that very little was done in this connection. The matter is important and Revenue should be more careful in future.

*Prices of Food Grains.*—These had been generally normal throughout the year except during the last two months when a serious famine threatened these parts and when they suddenly rose and continued rising for some time till steps had been taken to stop their further rise.

*Emigration and Immigration.*—No Dungarpur Asamis went out to settle in foreign parts. Six Idar Asamis came and settled at Lila Bansda and Eight Mewar Asamis in Kariyana and Aspur Circles.

*Registration.*—The income from this source amounted to Rs. 90-12-0.

*Bullocks on Hire.*—The number of bullocks hired for agricultural purpose was reduced from 1637 to 1370. During the last two years 470 Assamis have been enabled to own their own plough cattle.

*New Crops.*—Revenue Department is encouraging the cultivation of the valuable crops of Linseed, Arand and Tobacoo. Just a begining has been made, and if the next monsoon be favourable, good results may be expected next year.

*Court of Wards.*—The total number of Estates under the Court of Wards remains the same. Karwana and Nogama have been added owing to the minority of the Thakurs while Solenj and Sabli have been released. Superintendent of Revenue notes appreciable improvement in the condition of the most of the Thikanas.

*Charge.*—Mr. Ramswaroopa Rawat  
(b) Exclse. was in charge of the Department throughout the year.

The profit from Ganja and Bhang amounted to Rs. 1,473 against Rs. 1,554.

The proceeds from sale of opium amounted to Rs. 1,937-14-0 out of which profits came up to Rs. 10,285-4-7.

*Madras System.*—Madras Distillery System was introduced on 1st October 1915. The change has been effected quite smoothly without having to meet any disjointed or organised opposition from any section of the public.

The question of Jagirdar's rights which has generally proved a thorny one in many a State did not cause any trouble.

During the minority of the Present Ruler this question had come up before the Regency Administration when it was proved that in Dungarpur the Abkari rights had always been treated as sovereign rights and as such belonged to the Darbar and could under no circumstances be owned by any of the Sardars unless the claim were supported by proper and authentic grant which none of them had been able to produce. As a temporary arrangement the then administration made a concession in the case of Tazimi Sardars. The Assistant Resident in communicating this decision in his letter No 935 dated the 1st September 1903 has made use of these emphatic and unmistakable words:—

“I must point out clearly that this is a concession and will not be in any way binding on the present Maharawal when he comes of age and receives his powers.”

The Darbar, however, thought it proper to give another opportunity to their Jagirdars of proving their rights in Abkari matters. Diwan was called upon to go into the question all afresh. The Jagirdars were required to produce the accounts of their Abkari income for the preceding ten years. These were mostly found to be in a chaotic state: irregular, inaccurate and untrustworthy. Next the Sardars were called upon to produce, if any of them had, any Sanads grants or other documents in support of any prayers they wished to make for Abkari rights. But none were forthcoming. Under these circumstances the Darbar would have been justified in summarily disposing of the question and withdrawing the temporary concession which had been granted in

1903 in case of Tazimi Sardars. It is also not to be forgotten that in many states where Madras System has been introduced, the question of Jagirdars' Abkari rights has been treated much in the same way as was evident from the reports on the subject obtained from the states concerned.

The Dungarpur Darbar, however, in pursuance of their lenient and generous policy towards their Sardars have, subject to the will of the Darbar and as temporary arrangement, decided that the net profits from Abkari, after defraying all expenses, preliminary and recurring, and setting apart  $\frac{1}{4}$ th on account of wear and tear, to allow the balance to be distributed between them and the Tazimi Sardars in proportion to the population of the two.

*Condition of the people.*—The condition of the people on the whole appears to have been very good. They acted manfully when the monsoon failed and a terrible famine was in prospect. There was no outbreak of an epidemic.

(c) Education Charge. Mr. Ramaswaroopu Rawat was Inspector of Schools during the year under Report.

*Pinhey School.* Babu Kanhiya Lal Mathur, B. A. from Bhilwara was made Head Master and some salutary reforms were introduced at his suggestion. The School worked well and the one candidate sent up for the Rajputana Middle School proved successful for which credit is due to the late Headmaster Mr. Anand.

The Girls' School and Mufassil Schools, too, have worked well.

The Rajput Boarding House has made fair progress. The Rajput boys are also trained in riding and shooting.

There were four Jagirdar boys at the Mayo College, Ajmer. Thakar Fatehsingh of Solenj was withdrawn in January 1915. After having been given some training in Hindi Office Mehekme Khas, he was entrusted with the management of his Thikana.

Of the two boys at the Government College, Ajmer, only Surajmal Gandhi went up for his Matriculation which he passed in the 2nd Division. He has now been sent up for training to the Thompson Civil Engineering College, Roorkee, in the Lower Sub-ordinate Class; and the Darbar are very grateful to the Political Agent, Major Drummond, I. A., for moving the Government of the United Provinces of Agra and Oudh to admit the Dungarpur Candidate into the L. S. Class without requiring him to pass the Entrance Examination of the College.

Darbar are also obliged to the Political Agent for getting permission of the Conservator of Forests for the admission of one Dungarpur Candidate into Forest Training Class at Srinagar.

Mr. Soowalal Rawat was in charge of the Department throughout the year except  
 2 Customs Charge. for a period of 20 days when he was officiated by Mr. M. T. Shah.

The work of the Department is steadily increasing in volume and improving in quality. Accordingly an Extra Officer was given to look after routine work and hold charge of the office whenever the Superintendent should be out in camp.

Besides three Sepoys, three Moharirs were added to check smuggling at Mewara, Mandili and Badgama.

Superintendent of Customs has gratefully noted the appreciation by the Darbar of the Department's good work in the shape of a handsome bonus to all the rank and file.

*Rules and Regulations.*—No important changes have been made in these.

*Grazing Dues.*—In July when rains failed and fodder got scarce prohibitive measures had to be taken against the immigration of cattle. The grazing dues were raised to Re. 1/- per head. But animals bringing merchandise were allowed to come under usual rates, while those bringing in food grains were entirely exempted from all grazing dues in order to encourage the import of grains.

The total grazing dues amounted to Rs. 4,940 12-6 against Rs. 4,777-13-6 of the previous year.

*Volume of Trade and Income.*—The volume of the principal dutiable commodities is compared below for the last three years :—

Commodities	1969-70	1970-71	1971-72	Remarks.
	(Imports in Udaishahi Maunds.)			
Cloth	4,914	4,759	5,112	
Tobacco	4,571	2,376	4,036	
Sugar	4,606	5,159	2,750	Decrease due to high rates.
Salt	13,954	13,458	12,497	
Gur	5,033	4,364	3,289	Decrease due local produce being larger than in the preceding years.

Piece Goods	792	906	885	
Fruits and Drugs	3,068	2,766	3,574	Decrease due to Mahuwa imported by Kalals and contracts for liquor free of duty and hence not included herein.
Mahuwa	8,709	1,392	744	
Other Articles	6,112	6,877	5,618

Customs Income Rs. 91,295 Rs. 1,21,071

This has beaten last year's record income of the Department, all due to the various improvements.

3. Medical - The Medical Department was for some  
Department.  
Charge time under the supervision of the  
Agency Surgeon, Kherwara, who acted as Medical  
Officer of the State. This arrangement has been  
abolished and the Diwan looks after the administrative work of the Department.

Dr Kamlanand Lalitanand Pandiya was in charge of the Sadar Dispensary and Dr. Jugalkishore in that of Sagwara.

General health of public was good.

Vaccination was carried on by two vaccinators and one Assistant Compounder. The results were reported to be successful

Satisfactory progress was reported to have been made by our Candidates at the Medical School at Indore.

There was no change in the constitution of the  
4 Municipality. Board. Rai Saheb Seth Sobha Chand  
Constitution. Ji continued to be Chairman.

There are two Branch Municipalities, one at Sagwara and the other at Galiakot.

The staff at the disposal of the Board and its Branches is sufficient to look after the municipal functions in the towns under their supervision.

Besides looking after the conservancy, lighting, and sanitation of the towns, the Central Board carried out a good programme of repairs and improvements to roads and public buildings.

*Ducat Library.*—The Board maintains a Library which is housed in the Holme Hall in the Kela Gardens. The Library contains a decent collection of books in English, Hindi, Sanskrit, Gujrati, Marhatti and Urdu. News papers and Magazines in various languages are subscribed.

*Public Gardens.*—The Public Gardens are also under the supervision of the Board and were in flourishing condition. The Board spent a good round sum on their improvements.

Quinine and Snake-bite cure were distributed free.

*Vital Statistics.*—The registering of births and deaths within the Municipal limits has just been introduced. The entries made at the Capital are given below :—

Births	...	181	Deaths	...	82.
--------	-----	-----	--------	-----	-----

This gives 28 births and 12 deaths per 1,000.

*Income and Expenditure.*—These will be found in Appendix No. XII. The main source of Municipal income is Chungi which is recovered through the Customs on all commodities of export and import at the rate of -/2/- per rupee of Customs fee.

*General.*—Good sanitary arrangements exist. Conservancy of the town is satisfactory. Good drainage arrangements to meet local needs are in existence. The chief source of water supply is the Gaibsagar at Dungarpur. It feeds most of the wells and Baoris and is ample for ordinary years. No trades injurious to human health are carried on within the Municipal limits. Municipal Daroga is held responsible for cleanliness and conservancy.

The work of the Sabha has been reported to be satisfactory. No General Sabha was held at Ajmer during the year.

5. Walterkrit  
Rajputia Hit-  
karni Sabha

The Sabha was founded in September 1914. Most of the powers now delegated to the Sabha were, before its creation, exercised by the Superintendent of Revenue, who is now an ex officio member of the Managing Committee of the Sabha, which consists of 15 members, 6 being nominated by the Darbar and the remaining elected by the several Hindu communities. The committee meets once every month and is empowered to deal with matters connected with religious and charitable endowment of Hindu Temples and Shrines. The work has been satisfactory. A number of old Temples that sorely needed repairs have been repaired while arrangements for the daily worship in the case of many have been improved.

Mr. Mohammed Chouhan was in charge of the Department, which has been well managed.

7. Forests  
Department.

The Reserve Forests are under the direct control of the Department while the Village Forests are under that of the Revenue Department.

The failure of the monsoon affected the forests in more than one way. The growth of forests has suffered in general, while many of the Reserve Forests had also to be opened up for felling timber and grazing cattle.

## CHAPTER IV.

## PROTECTION.

Legislation                      No new law was passed during the year.

Chief Court.                      The Chief Court is the highest Court of Appeal in all Civil and Revenue cases. Diwan is the ex-officio Chief Judge of the Court.

Sessions Court.                      The Sessions Court is the highest Criminal Court. Diwan is the ex-officio Sessions Judge and is assisted by a number of assessors selected by rotation.

The work of the two Courts is summarised in appendices Nos. XIV and XV.

*Mehkme Qwaid. General.*—Mehkme Qwaid supervises and controls Adalat Foujdari and Diwani, Sagwara Zilla Court, Jail and Izlai Gair and exercises appellate powers over the Zilla Court.

*Charge*—Pandit Balwant Ramchandra held charge of the Department as Mussaheb Qwaid, Civil Judge and 1st Class Magistrate for  $10\frac{1}{2}$  months of the year. During the remaining period, while on leave, he was officiated by Mr. M. T. Shah.

*Civil Judge's Tour.*—Civil Judge also made a tour through some parts of the State to hear civil suits of such persons as are unable to attend the court for away from their homes. This was welcomed by them as it enabled them to have their grievances redressed at their very doors.

*Adalat Foujdari.*—There was some increase in the number of criminal cases as well as in crimes.

Majority of offences in a country with a preponderating majority of Bhil population relate to Chapter XX of the Indian Penal Code coming under Section 498. If these offences be taken out of account, there will hardly be any increase perceptible.

Under a special Farman of Shri Hazur it has been ordained that these offences which are compoundable will no longer be tried by the Court itself but by Panchayats before the Court. This will, of course, affect only the cases between the Bhils residing within this State.

36 cases were tried under Summary powers.

389 Miscellaneous cases of which 349 related to lost cattle came up for disposal before the Magistrate.

4 appeals were filed against the Zilla Court Sagwara and were dismissed.

*Adalat Diwani.*—There was an increase in the number of civil suits during the year but this does not indicate an outbreak of any litigant spirit among the population of the State. It is mainly ascribable to the tour of the Civil Judge as noted above which afforded the public living far away from the Courts of Law an easy opportunity for their claims to be heard and redressed.

127 suits were disposed of under Small Cause Court Powers.

Owing to the scarcity which prevailed, there was naturally a decrease in the number of applications for execution of decrees.

Of the 6 appeals filed against the decisions of the Munsif's Court, four were returned for further enquiry and one was dismissed. Only in case of one the decision of the Lower Court was set aside.

All further particulars relating to the Civil and Criminal work of the Court are given in appendices Nos. XIV, XVI and XVII.

The Daftar was in charge of Saiyad Imamali who on the whole did his work well, except for the escape of 4 under-trial prisoners of whom 3 have since been re-arrested and only one remains at large.

*Jail Building.*—The building is strong and spacious, with separate quarters for male, female and under-trial prisoners and with accommodation for Office and Hospital. It is proposed to acquire some adjoining houses which will be dismantled and a strong high compound wall will be erected.

The Medical Officer visits the Jail daily.

*General.*—The average period for which an under-trial prisoner was in custody was about 11 days. The health of the prisoners was good and the percentage of sick only 7. One male inmate who was insane died on the 22nd February 1915. No serious breaches of Jail Regulations except the one successful attempt at escape by four 4 prisoners noted above was reported.

The usual Jail industries such as carpet-making etc. are carried on. A Litho Press was added last year and it did some printing work for the State Offices.

*Finger Print*—70 Finger Impression Slips were prepared during the year from 35 Convicts. The work of the Clerk was satisfactory.

*General.*—Izlai Gair is that branch of Mehkme Izlai Gair. Qwaid which looks after the cases and matters connected with disputes arising between the subjects of the Dungarpur State and those of the neighbouring ones. Mehta Chunni Lal was in charge of the Daftar.

All such cases are disposed of by the Border Court or Vaklai Panchayat. The Border Court with Mahikantha was held at Khed Braham, with Rewakantha at Jhalod and with Mewar at Dewal with the following results :—

*Dungarpur and Mahikantha.*—Three cases were taken up, disposed of and decreed in favour of Dungarpur for Rs. 100

*Dungarpur and Rewakantha*—9 Cases were disposed of and decrees for Rs. 200 awarded in favour of this State

*Dungarpur and Banswara.*—6 cases were taken up and all lost

The cases brought against the subjects of this State by those of the adjoining States and taken up at this year's sittings were all lost.

*Vaklai Panchayat.*—The Court granted decrees to the value of Rs. 915-1-1 in favour of Dungarpur against Mewar.

Of the 7 cases pending between Dungarpur and Mewar Bhumat, only one was disposed of, decided and decreed for Rs. 60 against Dungarpur. Dungarpur

had 10 cases against Mewar Khalsa and one against Bhumat of which 5 came up for disposal and were lost.

*Boundary Disputes.*—Certain boundary disputes are pending between Dungarpur and Mewar.

*Extradition.*—No cases for extradition came up this year.

*Arbitration* —There were 8 cases pending between Dungarpur and Mewar (Khalsa and Jagir) for settlement through the representatives of the two states.

*Charge and General.*—Daftar Police is under the direct control and supervision of Ijlas Police. Alia and was in charge of Mr Shahbazkhan, Superintendent of Police. Thakur Ranjit Singh of Gamra, after completing his training at Saugor Police Training School, was appointed Police Inspector on the 1st January 1915.

There were 7 Police Stations and 10 Choukis at the end of the year.

*Police Force.*—The Police Force was 248 strong. One Havildar and 12 Sepoys were added to the Reserve. There are two Drill Masters one remains at the Headquarters and the other periodically visits, Thanas and Choukis in mufassil and drills the Sepoys attached to each. Sepoys wear uniforms and are armed with smooth Bore Snider Rifles.

The proportion of Police to area and population is 1 to every 6 Square Miles and 642 individuals.

*Police Work.*—There was a grateful reduction in the number of serious crimes This is notable as the three closing months of the year were marked with a severe scarcity.

The value of the property stolen and looted has nearly doubled, due mainly to the fact that the booty taken by the dacoits only in two cases amounted to several thousands. What, however, is more regrettable is the fall in the recoveries effected by the police, which the Darbar hope the Police will do their best to improve.

*Dacoity at Saran.*—This was committed by the Bhils of Sargoa in Kadana on a gang of wandering Banjaras that happened to be encamped in the forest of Saran. It deserves to be noted that these homeless Banjaras prove to be the most tempting victims to the Bhils of the adjoining States when they happen to be in camp near the border. And as these cases do generally go up to the Border Courts which award only compensation, the punishment does not prove deterrent on the turbulent characters residing along the borders.

Statistical figures relating to Police are given in Appendix XIX.

The Military Department, too, is under the control and supervision of Ijlas Alia direct. Bijey Paltan. K. Sangramsinghji of Peit was in charge of the Department for the greater part of the year except when on leave, and when he was officiated by the Mir Munshi.

*Number and Condition.*—The force stood at 86 all told and is employed in mounting guard at the Udaibilas and the old Palaces or for providing escort to Their Highnesses. They wear uniform and are daily drilled. Two Sepoys were sent to Kherwara for Bugle training.

*Cavalry.*—It is wrong to give that dignified name to a body of 11 Sowars who are engaged for purposes of escort to Their Highnesses.

*Artillery.*—There are only two serviceable guns which are used for firing salutes on ceremonial occasions.

---

## APPENDIX XIII.

*List of Laws in force in the Dungarpur State, for the Samvāt  
year 1971-72, A. D. 1914-15.*

## CHAPTER VI.

## ACCOUNTS AND FINANCE.

*Charge.*—Babu Murlidhar Bhargava continued to hold charge of the Department throughout the year except for a period of two months when he was on privilege leave and was officiated by Babu Mohanlal T. Shah

*Income.*—The gross receipts of the year amounted to Rs 3,82,271-11-7 against Rs. 3,46,954-3-1. The largest share in the increase is under Customs due to large exports of food grains.

*Expenditure.*—The total amounted to Rs. 3,96,848-8-1 against Rs. 3,61,307-12-11 of the previous years. Greatest increase is under Abkari owing to the erection of the Distillery and the overhauling of the whole system. Other petty increases, here and there, call for no comment and in most of the cases have been explained under the head to which they belong

*Treasury.*—During the year under report the transactions at the Treasury amounted to Rs 9,08-940-1-8 on both sides of the account as compared with Rs. 8,78,665-2-0 of the preceding year. Out of these transactions, those with Ramchandra Lakshman Bank at Dungarpur amounted to Rs. 42,000 against Rs. 36,000.

*Stamps.*—Stamps are kept and issued by the Accounts Office.

*Stationery.*—The supply of stationery to all State Offices is also arranged for by this Office.

*Government Loan*.—The Government of India Loan has further been reduced by a sum of Rs. 20,000 and thus now stands at Rs. 1,35,000. There are no other creditors.

*Reserves and Investments*.—The Famine Reserve Fund was supplemented by a sum of Rs. 5,005 from the State coffers and Rs. 4,999 from the Privy Purse of His Highness and thus it now stands at Rs. 51,014 out of which Rs. 40,014 are deposited with the Ramchandra Lakshman Bank at Dungarpur and Rs. 11,000 with its Branch at Sagwara, called Vasdueva Murli-dhar Bank

*Grain Reserve*.—This did not receive any actual addition this year. Grain worth Rs. 500 was purchased last year but has been debited during the year under report. The total store amounts to about 1,000 Maunds.

---

## CHAPTER VII

## PUBLIC WORKS DEPARTMENT.

*Charge.*—Sardar Pratab Singh was in charge of the Department throughout the year except for two months and 17 days when he was on leave and officiated by P. Balwant Ramchandra, Musaheb Qwaid

*Expenditure.*—The total amount of money spent under several Heads amounted to Rs 40,435-2-10. The increase is mainly due to the erection of the Distillery Building which is still under construction.

*Civil Works*—These include the following important works :—

1. The construction of a Mardana Palace at Bijeygarh. The work is still in progress.

2. The Kailash which was undertaken some three years ago has been finished. Only some out-houses remain to be built.

3 Repairs to the Old Palaces which are still going on and will take some time before they are completed.

4. Construction of Office Rooms in the Jail,

5 Distillery which was taken in hand early in the begining of the year and is still in hand.

6 Repairs to Police Stations and Customs Nakas.

7. Annual Repairs to State Buildings,

*Irrigation.*—Usual repairs to tanks were carried out.

*Communications.*—The main fair wheather roads from the Capital to various places have all been maintained, -

Trees along the roadside are in good condition,

The Gangeshwar Temple at Gamri with some others was repaired.

On the whole, the Department has had a very busy time and ably did the work for which credit is due Sardar Pratabsingh.

~~XXXXXXXXXXXXXXXXXXXX~~
